Hi,

This is being addressed. However, I would encourage any and all who have concerns to forward them to me.

Hello Mr. Wilson, I was wondering if you had any updates for me? I had a few local families with medically sensitive high schoolers who are wondering now what the status is on Mr. Snells place in physical schooling. I greatly appreciate your feedback and time, if you'd like to reach out to these families personally I'd be happy to pass on their information.
